A UNIQUE PLAYER GROWING FASTER AND STRONGER THAN THE MARKET

- We **experienced a path of increasing revenues**, with positive bottom line and Cerved rating agency's A3.1 rating (equivalent to A- of S&P's and Fitch and A3 of Moody's)
- We start our activity in the **electricity market** in 2013, **rapidly gaining market share**, and we are **moving towards other commodities**: gas, apple, precious metal...

FORECASTING

PRICING

- We **collect, cluster and analyze Big Data** through an **automated proprietary AI platform**
- We **analyze** automatically **billions of data** to elaborate **forecasts** to be applied on both demand and supply sides **optimizing volume and pricing**

- eVISO has built its credibility in the energy market and now the company wants to be the reference **big data platform** for those who recurrently use raw materials
- eVISO is the owner of the data processing, while the ownership of the data itself remains with the person generating them
- At the moment, for eVISO, the acquisition of single points of usage with their associated user data (whether PODs, PDRs, points of use of other utilities, etc.) has priority of importance
- The data lake (of public and private information) is the mine that eVISO wants to dig ...
